Our school provides access to online services provided by the Department of Education. These increase the range of teaching tools available to staff and enhance the learning opportunities available to students.

The Department's online services currently provide:

- individual email accounts for all students and staff;
- access to the Internet, with all reasonable care taken by schools to monitor and control students' access to web sites while at school;
- access to the online teaching and learning services such as web-conferencing, digital resources and online learning activities;
- access to online file storage and sharing services; and
- access to Portal services from home if the home computer is connected to the Internet.

While every reasonable effort is made by schools and the Department to prevent student exposure to inappropriate online content when using the Department's online services, it is not possible to completely eliminate the risk of such exposure. General Internet browsing not conducted via the Department's network is **not** monitored or filtered by the Department. The Department encourages close family supervision of all Internet use by children in locations other than school, and strongly recommends the use of appropriate Internet filtering software.

You should be aware that the Department has the right to review, audit, intercept, access and disclose messages created, received or sent over Department online services. Logs of email transactions and Internet access data are kept for administrative, legal and security purposes and may be monitored. Similar to other corporate records, emails and Internet access records are discoverable in the event of legal action and are subject to provisions of the *Freedom of Information Act 1992*.

Parent Agreement

I also understand that if my child breaks any of the rules in the agreement, that the Principal may take disciplinary action in accordance with the Department's *Behaviour Management in Schools* policy.
