

The Compass School Manager App

The Compass School Manager App

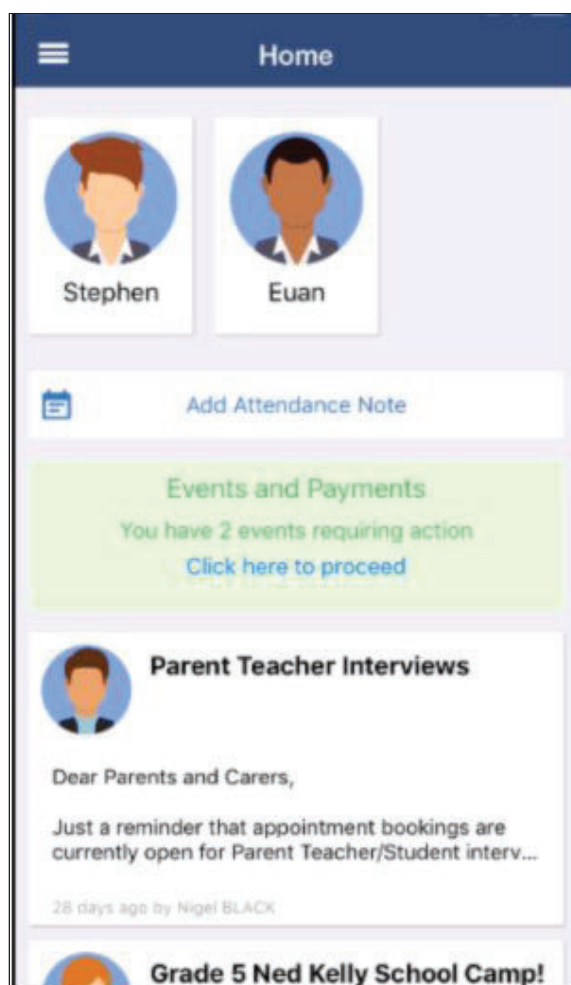

You can use the Compass app to action tasks. The app is available to download for free from the Apple App Store or the Google Play store.

Once installed and opened for the first time, you will be prompted to choose which school your child attends.

After selecting the school, you will be required to enter your login details which are the same details you use to login to your Compass parent portal.

When logged in, you will see -

- Each of your children who attend the school. You can click their image to go to their profiles.
- The option to add an attendance note
- Any items requiring your action (alerts) at the top of the screen.
- The newsfeed which you can scroll down through to read.
- A link to the main menu (three little stripes in top left corner)

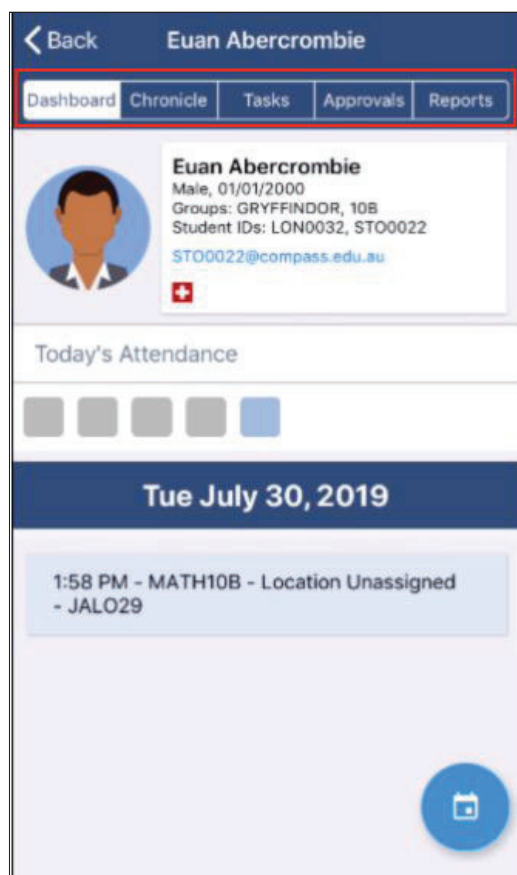

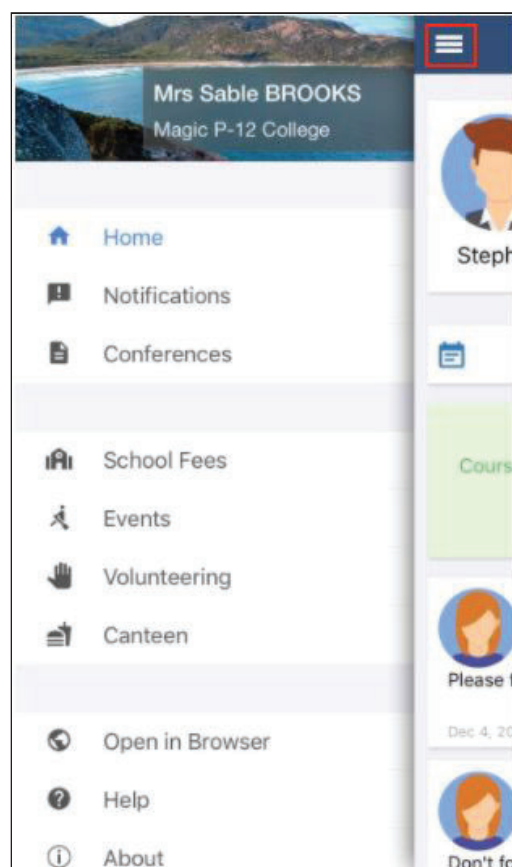

Clicking the menu icon will expand further options.

Some regular actions that you can easily complete via the App are -

- Conferences - allows you to book teacher conferences
- Events - Process consent/payment for your child's upcoming events
- Canteen - Place canteen orders for your child

Note: If you have children attending different schools that use Compass (i.e. a child in Primary School and a child in Secondary School), you can use the 'Switch Accounts' option at the bottom of the menu to toggle between your parent account at each Compass school.

To access information pertaining to your child such as their schedule, learning tasks, attendance approvals and reports via the App, click their image on your homescreen.

You can then click through the tabs at the top of their profile to access the available information.

Click the 'Back' option in the top right to return to your app home screen at any time.
