

## Charges and Voluntary Contributions

Your 2025 Charges and Voluntary Contributions statement will be posted Term 4, Week 9. Please note the due date is **Friday 11 April 2025**, unless a payment plan (included) is put in place. Please note that outstanding balances from previous years are not shown on this statement. If you have charges outstanding, please contact our Billing Officer as soon as possible, as these are overdue.

### **Year 7 – 10 Voluntary Contributions**

These are an annual \$235 cost that goes directly back into your child's classroom to enhance and enrich their educational experience. These payments allow the College to offer improved programs and opportunities which are expected by our College's community.

Please consider paying the Voluntary Contributions as soon as possible. This small amount (averages to less than \$6 per week) supports your child's education by enabling the College to purchase extra materials, services and resources.

So far, the payments have allowed us to improve curriculum such as:

- Digital Technologies through 3D printing and Creative Cloud software
- Textbooks Maths and English
- Personal whiteboards and markers for each child during their Explicit Direct Instruction lessons.

### **Year 11 and 12 Course Charges**

All Year 11 and 12 courses attract **compulsory** charges. A 50% deposit was due at the time of course selection. If you have not yet made a deposit, please organise to do so with our Billing Officer as soon as possible. Year 11 and 12 course charges are due to be paid in full by **Friday 11 April 2025**.

### **Additional Charges**

These are applied to high-cost elective options or for specialised programs e.g. Academic Elite, Sports Elite or Instrumental Music. Students elect to take part in these programs. The "Additional Charges" document outlines these potential charges in detail.

### **Other Optional Costs**

The College produces a *Year Book* each year as a reflection of the College's activities. Year Books will only be provided to those students who have paid for one.

### **Voluntary Approved Requests**

- *Technology Replacement* \$20.00 - supports the acquisition of learning technologies across the College. This includes the purchase of computers, data projectors and Apple TVs.
- *Bus Acquisition* \$20.00 - supports the future funding of a College bus for excursions and activities
